**APPENDIX 1 - SOURCE DOCUMENT**

For the BUA review process, the company that is in charge of writing the report (usually the largest producer in Germany) prepares a draft report using literature from an extensive literature search as well as internal company studies. This draft is subject to a peer review during several readings of a working group consisting of representatives from government agencies, the scientific community, and industry.

**APPENDIX 2 - CICAD PEER REVIEW**
The draft CICAD on \(N\)-phenyl-1-naphthylamine was sent for review to institutions and organizations identified by IPCS after contact with IPCS national Contact Points and Participating Institutions, as well as to identified experts. Comments were received from:

Department of Health, London, United Kingdom

Health and Safety Executive, Bootle, United Kingdom

Health Canada, Ottawa, Canada

National Chemicals Inspectorate (KEMI), Solna, Sweden

National Institute for Working Life, Solna, Sweden

National Institute of Occupational Health, Budapest, Hungary

National Institute of Public Health, Oslo, Norway

National Institute of Public Health and Environmental Protection, Bilthoven, The Netherlands

United States Department of Health and Human Services (National Institute for Occupational Safety and Health, Cincinnati, USA; National Institute of Environmental Health Sciences, Research Triangle Park, USA)
